**Repairs/Service:** Please indicate the repair service you are requesting by placing a check in the corresponding box. If a service is not included in this list, please include a detailed description of your request at the end of this list and we would be happy to help you figure out what would best suit your needs. If necessary, you may also enclose an additional letter of explanation or request.

Repair Services are provided only for Fox and Renard instruments. We must decline requests to work on instruments from other makers.

## Bassoon Repairs/Services:

**Service:** *Regular service will keep an instrument in good playing condition and should be part of normal instrument maintenance. Pads, corks and tenon wrappings are replaced as needed. Everything is checked, oiled, adjusted and put in proper condition.*

*(Please note that we cannot always meet requested return dates. Please contact the factory if you have a special need with respect to the return of your instrument):*

Special Shipping Instructions:

Shipping Address (if different from above):

Please ship your instrument to one of the following:

**US Post Office Mailing Address:**

Fox Products Corporation  
P.O. Box 347  
South Whitley, IN 46787 USA

**Shipping Address (FedEx, UPS, etc.):**

Fox Products Corporation  
6110 South State Road 5  
South Whitley, IN 46787 USA

**Directions for Shipping:** Pack the instrument in its case and enclose this form (unless you choose to email the form to us) and additional letters of request inside the case with the bassoon. Take out anything we won't need, such as reed tools. However, if tuning is a concern, please be sure to include your bocal *and* a reed. Pack the case in a good corrugated carton for shipment.

**Return of Your Instrument:** When we are finished with the repairs to your instrument, we normally return the instrument by UPS, COD for the total of the services plus return shipping charges. With COD shipments, the advantage is that the instrument will not be left on your doorstep if you are not there to accept it. On request, we will call and let you know when we ship it and how much the COD charges will be so that you know an d approximate date to expect the instrument to arrive. You may prepay your bill by providing us with your credit card number or by paying by check prior to shipment as an alternative to COD shipments.

**Insurance:** We normally insure shipments for the list price of that model. If you have insurance coverage for your instrument, you can save money by instructing us to ship the instrument back without the insurance. To do so, we must have written instructions from you stating that you do not want it insured.
